

TLI31616 Certificate III in Warehousing Operations

Overview:

This qualification reflects the role of individuals working in the warehousing and storage industry. They have the necessary knowledge to follow occupational health and safety practices and are qualified to complete workplace induction procedures.

Individuals at this level can receive and store stock, use inventory systems, and apply product knowledge to organise receiving and dispatching operations. They also have the necessary skills to lead a small team in these duties.

Course delivery & structure:

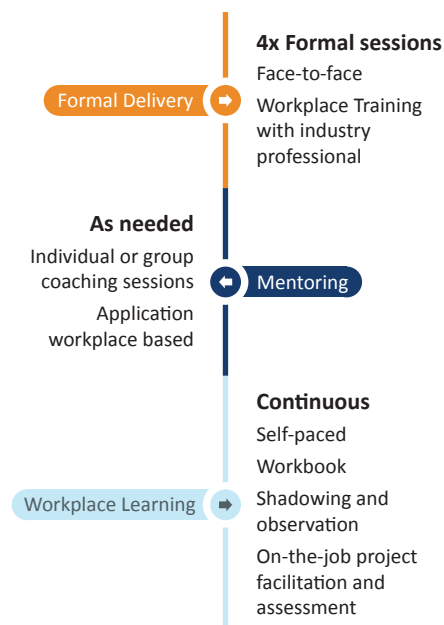

Delivery underpins our philosophy that work is the learning and learning is the work. We deliver a combination of formal training sessions and mentoring. We utilise a mix of on-the-job observation and questioning, and workplace based projects throughout our assessment tasks.

Participants are encouraged to challenge their existing knowledge and extend their boundaries whilst they expand their skill base.

To successfully attain the TLI31616 Certificate III in Warehousing Operations, students are required to complete a total of nineteen (19) units of competency, comprising of:

- 3 core units, and;
- 16 elective units, of which:
 - up to 3 units may be selected from any currently endorsed Training Package or accredited course.

Delivery Mode:

TLI31616 Certificate III in Warehousing Operations
