SIR20216 Certificate II in Retail Services

Overview:

This qualification reflects the role of individuals working in a supervised role within retail services. They may work in various retail store settings, including supermarkets, department stores, specialty stores, and retail outlets.

They have basic retail operational knowledge and limited practical skills but are trained in point-of-sale handling procedures, workplace communication, working with retail technology, and interacting with customers. They can follow safe work practices, and while they may work with some autonomy or as part of a team, they are usually under direct supervision.

Course delivery & structure:

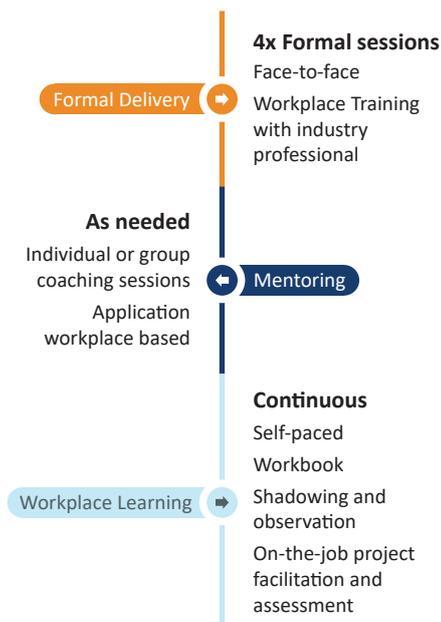

Delivery underpins our philosophy that work is the learning and learning is the work. We deliver a combination of formal training sessions and mentoring. We utilise a mix of on-the-job observation and questioning, and workplace based projects throughout our assessment tasks.
