

TLI50415 Diploma of Logistics

Overview:

This qualification reflects the role of individuals working in a managerial role in the transport and logistics industry. They oversee the management of the supply chain, suppliers, and operational and financial plans and budgets.

Individuals at this level have decision making skills and the ability to find innovative solutions to challenges that arise as managers in logistics operations. They are able to meet operations budgets, productivity benchmarks, and keep their staff and work site compliant with legislation.

Course delivery & structure:

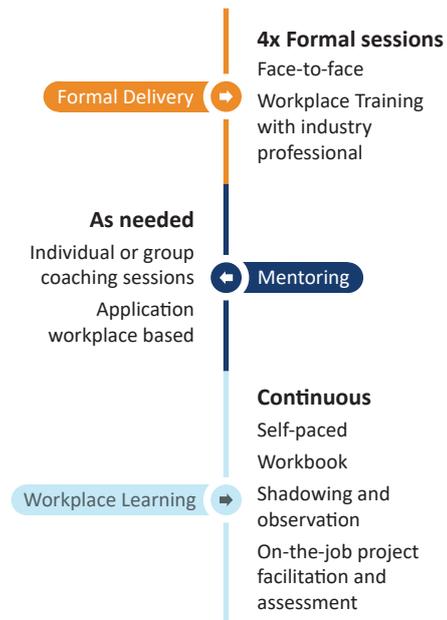

Delivery underpins our philosophy that work is the learning and learning is the work. We deliver a combination of formal training sessions and mentoring. We utilise a mix of on-the-job observation and questioning, and workplace based projects throughout our assessment tasks.

Participants are encouraged to challenge their existing knowledge and extend their boundaries whilst they expand their skill base.

To successfully attain the TLI50415 Diploma of Logistics, students are required to complete a total of fifteen (15) units of competency, comprising of:

- 2 core unit;
- 7 technical elective units, and;
