

LF – Forklift Licensing (WA)

TLILIC0003 – Licence to operate a forklift truck

Certification & Licensing

To get a forklift license in Western Australia, you must:

1. Enroll in a high-risk work training course with a registered training organisation (RTO).
2. Complete the theoretical and practical assessments successfully.
3. Receive a nationally recognised Statement of Attainment and a 60-day interim licence (NOA).
4. Lodge your application with WorkSafe WA, which mails your high-risk licence to your address.

Course Type & Duration

We offer flexible training options to suit your experience and needs:

1. **Full Licensing Course (2–3 days)**
 - Ideal for new operators, includes theory, practical training, and assessments.
2. **Express Licensing Course (1–2 days)**
 - For experienced operators needing certification, with streamlined training and assessments.
3. **Forklift Refresher Course (1 day)**
 - Updates on safety and practical skills, ideal for maintaining compliance.
4. **Verification of Competence (Half-day)**
 - Practical assessment only. For operators requiring reassessment to meet workplace compliance.

Course Overview

Our forklift training course provides comprehensive skills and knowledge to safely operate a forklift truck. Delivered onsite or workplace-based only, this training is designed to meet state-specific high-risk work requirements. The course covers safety protocols, hazard identification, load handling, and best practices. This ensures practical, real-world learning in your work environment.

- Onsite delivery for groups with a **minimum of 4** and a **maximum of 6** participants.

Learning Outcomes

Upon successful completion of the course, you will be able to:

- ✓ **Plan the Work or Task:** Assess equipment suitability, identify hazards, and ensure safety requirements are met.
- ✓ **Prepare for Work:** Conduct routine equipment checks, complete necessary documentation, and ensure the forklift is safe to operate.
- ✓ **Perform the Task:** Safely lift, transport, and position loads in accordance with best practice procedures.
- ✓ **Pack Up:** Shut down and secure the forklift according to workplace and regulatory standards.
