

Diploma of Leadership & Management

Overview

The Diploma of Leadership & Management is aimed at management staff reaching the next level in the career, such as supervisors becoming managers, or leaders with experience looking to have their learning formally recognised and fill in skill gaps.

FTS has found that it works particularly well for staff that have been recognised for their performance and promoted internally into a leadership role, but would benefit from further development in their leadership and “soft” skills.

Leadership competencies covered in the course are applicable to a wide range of industries, and covers skills such as problem solving, communication, evaluation and analyse, and of course, general leadership skills.

Delivery and Structure

Delivery underpins our philosophy that work is the learning and learning is the work. We deliver a combination of formal training sessions and mentoring. We utilise a mix of on-the-job observation and questioning, and workplace-based projects throughout our assessment tasks.

Participants are encouraged to challenge their existing knowledge and extend their boundaries whilst they expand their skill base.

To successfully attain the BSB50420 Diploma of Leadership & Management, learners are required to complete a total of twelve (12) units of competency, comprising of:

Diploma of Leadership & Management
