Flexible Training Solutions

Certificate IV in Supply Chain Operations

Overview
The recently created Certificate IV in Supply Chain Operations is designed to combine Warehousing Operations and Logistics qualifications from the previous package and includes an optional specialisation in multiple streams.

Individuals at this level might be expected to evaluate, analyse, and develop new procedures, and provide leadership and guidance to others in skill development and application of skills to their work.

It is generally a requirement for Traineeships that a candidate be in a supervisory or scheduling role.

Delivery and Structure
Delivery underpins our philosophy that work is the learning and learning is the work. We deliver a combination of formal training sessions and mentoring. We utilise a mix of on-the-job observation and questioning, and workplace-based projects throughout our assessment tasks.

Participants are encouraged to challenge their existing knowledge and extend their boundaries whilst they expand their skill base.

To successfully attain the TLI40321 Certificate IV in Supply Chain Operations, students are required to complete a total of sixteen (16)
units of competency, comprising of either:

Certificate IV in Supply Chain Operations

General
- 2 Core units
- 1 Licensing unit
- 13 General elective units
  - up to 2 Imported units*

Specialisation⁺
- 2 core units
- 1 Licensing unit
- 5 units from 1of the below specialisations
- 8 General elective units
  - up to 3 Imported units*

TLI40321 Certificate IV in Supply Chain Operations

*Supply Chain Operations courses may contain up to 2 imported electives from another nationally-recognised course where it is relevant to job role and that FTS is able to deliver on.

⁺FTS is not currently able to deliver full Specialisation in B - Purchasing and Procurementor or C - Transport Scheduling

Duration:
This course is typically delivered over 9-24 months

Delivery Mode

Formal Delivery ➡ | Mentoring ➡ | Workplace Learning ➡

Formal Sessions
Workplace-based
- face to face
- online
- correspondence
- blended

As needed
Individual or group coaching sessions

Application workplace based

Continuous
Self paced
Workbook or online
Shadowing and observation
On-the-job project facilitation and assessment

Projects:
We believe that to get the most out of a training program, training should be applicable to the trainee's job role. Projects directly impact and relate to your business

Workplace mentors:
A workplace mentor will be assigned from within your business. This ensures that knowledge and skills are reinforced throughout the program.

This nationally recognised qualification is delivered by Flexible Training Solutions RTOID 6333. It provides skills and knowledge to the industry standard. We actively tailor training for people from diverse backgrounds, including those with disabilities, and encourage all to apply.
